Joined KSE limited in 1977 a company having a turnover of Rs 2.3 crore with one 40 TPD Solvent Extract Plant and one 40 TPD cattle feed plant. The organization grew by leaps and bounds in the last three decades and has at present two solvent extraction plants of 300 TPD capacity and 6 livestock feed plants of 1200 TPD capacity, one oil refinery of 100 TPD and two dairy plants of 50000 LPD milk and 5000 LPD ice cream manufacturing extraordinary cordial industrial relations.

With the excellent exposure in solvent extraction as well as livestock feed industry in India and abroad ,he has made significant contribution for the growth of the organization and to bring it to number one position (for cattle feed and solvent extraction of coconut cake)in India .The present turnover of the company is about Rs 550 crores.
