Topic: Resume Workshop II Session 2

Resume is a document used by individuals to present their background and skill sets. A typical resume contains a summary of relevant job experience and education. The resume is usually one of the first items, along with a cover letter and sometimes job application packet, that a potential employer encounters regarding the job seeker and is typically used to screen applicants, often followed by an interview when seeking employment. The Internet has brought about a new age for the resume. As the search for employment has become more electronic, resume have followed suit.
